# INTERNATIONAL FORUM on Infectious Diseases

*In Memory of Dr. Mustafa Aydın ÇEVİK*

**Welcome to**

**INTERNATIONAL FORUM on Infectious Diseases 2019**

Dear colleagues,

It is a great pleasure and honor to invite you to join us at 2019 International Forum on Infectious Diseases (IFID 2019). The event will be organized by TeLeMedicine and Education Society of Turkey, in collaboration with the International Society of Antimicrobial Chemotherapy (ISAC) in Istanbul, Turkey, on March 21-24, 2019.

IFID 2019 aims to provide healthcare professionals involved in infectious diseases and clinical microbiology with cutting-edge scientific and experiential knowledge on an international platform. Furthermore the participants will have an opportunity to present and discuss regional issues and experiences in a distinct occasion.

The program activities will be led by experts and distinguished speakers from different leading institutions worldwide. The format will include state-of-the-art lectures, discussion panels, and case presentations. The topics will include antimicrobial stewardship and infection control, immunization, HIV/AIDS, hepatitis and solid organ transplant patients. Abstracts are invited in oral or poster presentation formats.

The official language of the Forum is English.

The venue is the Ottoman Archieves by the Golden Horn of Istanbul, the city of history and unique nature linking the East and the West. Istanbul also warrants colorful cultural and social activities.

Join us in Istanbul, on March 21-24, 2019 to share experience and to build a bridge with international participants.

Sincerely,

Po-Ren HSUEH, Prof. MD.  
Co-Chair, IFID 2019

Serhat UNAL, Prof. MD.  
Co-Chair, IFID 2019

## Dr. Mustafa Aydin CEVIK

Was born in 21.07.1965 in Osmancik, Corum. He had graduated from Iskilip Misak-i Milli Primary School, Iskilip Secondary School, Iskilip High School. After having graduated from Istanbul University Istanbul Medical Faculty in 1988 he started working as general practitioner in Bingol Security Directorate in 1989.

He began his residency in Ankara Training and Research Hospital in 1990 and became chief resident in 1995 and deputy head doctor of hospital in 2000 in the same hospital. During his chief residency, he spearheaded the establishment of Infection Control Committee in 1996. He made great contributions in drawing up surveillance forms and surveillance system. He issued a bulletin called "Surveillance" and organized the publishing of "Guideline of the Descriptions of Hospital infections and Microbiological Diagnosis". He pioneered antibiotic restriction in the hospital without a legal sanction on the matter in 1998.

In 2001, he started working as deputy chief in Infectious Diseases and Clinical Microbiology Clinic in Ankara Numune Training and Research Hospital. In the same year, he was appointed as the youngest President of Refik Saydam Health Center.

In 2003, leaving the office of Refik Saydam Health Center Presidency, he continued working as deputy chief in Infectious Diseases and Clinical Microbiology Clinic in Ankara Numune Training and Research Hospital. He made great effort in training many residents of Infectious Diseases and Clinical Microbiology.

On all occasions, he underlined that he loved his occupation and emphasized that important tasks rested on the shoulders of physicians working in Infectious Diseases and Clinical Microbiology in order to carry this field into a more reputable level.

In scientific field, he had 52 articles published in national and 23 articles in international journals, 52 papers in national and international congresses, and numerous speeches in courses, symposiums and congresses. He organized the publishing of five bulletins, 18 journals and more than a hundred books. The Journal called "Infeksiyon Dunyasi" (World of Infection) ranked as a different and unique journal containing scientific and actual information among all. He took active part in organizing many congresses, symposiums, courses and educational meetings. He had taken role in organisation of 22 scientific activities between the years 2000 and 2008.

Dr. Mustafa Aydin CEVIK, who was a member of Society of Antibiotics and Chemotherapy (ANKEM Dernegi), Turkish Society of Medical and Surgical Intensive Care (Dahili ve Cerrahi Bilimler Yogun Bakim Dernegi), European Society of Clinical Microbiology and Infectious Diseases (ESCMID), Turkish Society of Clinical Microbiology and Infectious Diseases (KLIMIK Dernegi), Turkish Microbiology Society, Turkish Society of Hospital Infections and Control, Infectious Diseases and Clinical Microbiology Specialty Society of Turkey (EKMUD) and Viral Hepatitis Society (Viral Hepatitle Savasim Dernegi), was a founding-member of some of these societies and took charge in the administrative boards. He did take part in scientific advisory boards of the Ministry of Health on the matters of Crimean-Congo Hemorrhagic Fever, Hospital Infections and Immunization.

He passed away in 24 March 2008 after a sudden heart attack.
